## 2014-15 ASHRAE Supplemental Newsletter

This Supplemental Newsletter has been prepared as a reminder to everyone of a number of events happening during the month of July 2015.

The ASHRAE – API Golf Outing will be July 16, 2015:

- Refer to the attached ASHRAE – API Golf Flyer for more information.
- Refer to the following history article regarding the ASHRAE – API Golf Outing.

The 2015 ASHRAE Region IX CRC will be July 23, 24, & 25:

- Refer to the attached ASHRAE CRC Brochure for more information.
- Refer to the following announcement from the CRC planning Committee

### History:

## 30 Years for the ASHRAE-API Golf Tournament

As many of you may have heard this is the 30th year for the ASHRAE/API golf tournament. Most of us weren't around to see the beginning, but the word from some people who were is that both organizations had pretty small groups of golfers alone. In the range of eight to ten golfers. Tim Elliot and Tom Kirkhoff, the original and major organizers for many years, saw where the individual groups had small outings alone. They also saw where by combining the groups there could bring some synergy, to get a tournament that would be greater than its parts. It would combine engineers and the people they worked with in the field. Bringing us all together in a fun location without the stress of work. The tournament gives both sides a chance to create relationships that aid us both in our work and our play. It has worked very well, so much so that this will be the 30th year. A big thank you goes out the original organizers, the people that make it happen, and participate every year.

## CRC Planning Committee: 2015 ASHRAE Region IX CRC

Last call for the 2015 CRC that our chapter is hosting! If you want three days of a great mixture of fun and work, please get signed up for our Region IX CRC to be held at the Rushmore Plaza Holiday Inn. Your investment of time and a few dollars will be very rewarding! If you can't make it for all events or business items, please pick out what you can to get at least a sampling and meet some new fellow ASHRAE members from our region. All Committee Chairs need to attend their respective workshops. Our Tech Sessions will be great on Friday afternoon. Please join us!

**CHAPTER MAY NOT ACT FOR THE SOCIETY**
