Take Control: Using Analytics to Drive Building Performance

April 20th, 2017 • 1:00 – 4:00 PM EDT

This webcast will feature industry experts who will define the importance of, and why we should strive for, better building operations through improved controls and analytics. Viewers will be able to describe key elements of controls and analytics for building operations, and identify steps required to deploy analytics in building projects, including commissioning. This program will quantify how applying best practice controls improve building performance, and will recognize the value of analytics in building operations to achieve a reduced cost and increased performance.

Attend this FREE webcast program and you may be awarded three Professional Development Hours (PDHs).

Opening remarks by:

Timothy Wentz, P.E.,
Fellow ASHRAE, HBDP

Mark Gallagher

Srinivas Katipamula,
Ph.D., Fellow ASHRAE,
FASME

Jim Meacham, P.E.

President's Message

All

I hope this message finds you in good spirits, Our Board of Governors has been working hard to put together a social event for our members this month, please join us Friday afternoon for the "Take Control" webinar and social event. I look forward to having some fun and socializing with our members, as always please bring a friend.

Thank You

Ethan Grover, President, CTTC and GGAC
