Programs: "Engineering and Arbitration"

- Joe Lux

WHEN: Wednesday May 31st
Start time: 12:00

Location: Bake Works,
518 Mt Rushmore Rd
Rapid City, SD 57701

Biography:

I was born and raised in West Point Nebraska. When I was just 8 years old, I visited the Black Hills for the first time. I immediately knew that the Black Hills was the place for me. I stayed in Nebraska until I graduated from the University of Nebraska at Lincoln with a degree in Ornamental Horticulture in 1975. The following year I moved to Hot Springs, located in the Southern Black Hills, where I owned a greenhouse and landscaping business. I became active in community affairs and became a city councilman of, and later, the Mayor of, Hot Springs.

I eventually sold my business, attended the University of South Dakota School of Law and achieved my juris doctor degree in 1992. I was accepted by Robert A. Miller, the Chief Justice of the South Dakota Supreme Court, to be his law clerk for a term. In 1993, I joined the firm of Costello Porter, a firm which had earlier represented me in matters related to my business in Hot Springs. I work primarily with private clients in many areas of the law, in all of the federal and state courts of South Dakota, as well as in many of the tribal courts located in this state.

I have a significant practice working with, and advising, individuals and businesses on a wide spectrum of matters. These matters include business entity creation, mergers and sales of stock or assets, including trademark and copyright issues. I assist all kinds of buyers and sellers concerning the sale or purchase of everything from real estate to businesses to personal vehicles and everything in between. Frequently, many of these issues have to be determined in light of a person's estate planning or personal and family needs, so I also have a significant practice in estate planning, including wills, trusts, charitable giving, powers of attorney and living wills, with the related areas of probate and probate disputes or outright will contests. My work with area health care clinics and personnel keeps me abreast of the latest trends and issues for the health care providers as well as for the patients and clients who need their services.

CHAPTER MAY NOT ACT FOR THE SOCIETY

American Society of Heating, Refrigerating and Air-Conditioning Engineers, Inc.

President's Message

Greetings,

Greetings, I hope this message finds you in good spirits. Back by request, we are presenting Engineering and Arbitration this month. The program will be hosted at Bake Works, lunch will be available for purchase. I must say they make a great sandwich. I hope to see you there and as always, please bring a friend.

Please note that the Region IX CRC will be hosted in Kansas City this year August 4th through the 6th. Registration and additional information available at:

<http://www.kcashrae.org/crc-2017>

2017 ASHRAE Annual Conference will be held June 24-28 in Longe Beach CA. Registration and additional information available at:

<https://www.ashrae.org/membership--conferences/conferences/2017-ashrae-annual-conference>

Thank you

Ethan Grover
President, GGAC and CTTC

Chapter Programs Schedule

Below is a listing of this year's programs. Please call or e-mail suggestions for programs as indicated below:

September 19, 2016	Constant Speed Pumping VS Variable speed Pumping	Andrei Hari
October 27, 2016	Rapid City Water Reclamation Facility Tour.	Clyde Jones
November 17, 2016	Design and Economics of Heat Pump Systems	Alan Niles
December 15, 2016	The Importance of Humidification	Webinar
January 19, 2017	Electro Technology Expo/ASHRAE Distinguished Lecturer	Dan Int-Hout
February 16, 2017	Chiller Water Plant with Thermal Energy Storage	Blake Ellis
March 17, 2017	Picking the Right Fan (Twin City Fans)	Nathan Stublaski
April 20, 2017	ASHRAE Webinar and Social Hour	TBD
May 31, 2017	Engineering and Arbitration	Joe Lux
